

LESSON 1: Stone Age match up cards

PERIOD
Paleolithic
(Old Stone Age)

FEATURES
Different kinds of early humans moving from place to place to hunt with basic stone tools.

PERIOD
Mesolithic
(Middle Stone Age)

FEATURES
Humans starting to settle down more with slightly more advanced tools to live together in groups called communities.

PERIOD
Neolithic
(New Stone Age)

FEATURES
Humans becoming more organised by farming, keeping animals and settling in much larger groups with advanced tools.

PERIOD
Bronze Age

FEATURES
A metal made from tin and copper changes the world, providing sharper metal tools to help grow cities, hunt better and defend land.

PERIOD
Iron Age

FEATURES
A new metal that is stronger and easier to make is discovered, which allows much better items such as weapons and tools to be made.
